- **What is a Webinar:** It's very simple: All you need is a telephone and internet access. Simply login online and dial in on your phone. You will then be able to watch informative slides as our moderators present them and speak directly to you over your phone.
- **Do not wait!!!** The closer you get to the deadline (July 1, 2009), the harder it will be to find a qualified professional engineer to revise and certify your plan, obtain the necessary zoning permits, begin implementing the changes and hiring contractors to do the necessary work.
- **Qualified Experts:** The information is presented by NEFI Regulatory Attorney Mark S. Morgan, Esq. and Professional Engineer Tim Laughlin of North Carolina Petroleum & Convenience Marketers.
